TEAM CARE

GENERAL PRACTITIONERS

When referred to Paediatric People, your first appointment is typically with a specialist GP who will commence our comprehensive assessments and initiate care.

PAEDIATRICIANS

Your second appointment is with the Paediatrician who will review your child's assessments, discuss diagnosis and progress treatments as appropriate.

NURSING

Our clinic nurse provides support to families and children as they attend our clinic and helps you navigate diagnosis, including support in the days after your appointment.

TEAM CARE

Paediatric People offers highly individualised care, offering appointments with the appropriate clinician at each stage
